Indeed Summer Break has begun!

Congratulations to our 6 senior graduates! The ceremony and open houses were a great celebration of the fantastic young men and women they have become.

Wishing each of you nothing but success in life!

Summer school starts next week, June 4th-7th, July 9th-12th, and July 30th-August 2nd.

We needed to adjust that last week due to a teacher workshop. There is still time to enroll your child into this great learning experience.

Back-to-school packets will go out by August 2nd.

Mr. Schill and I will be in the building Monday-Thursday the majority of the summer, so if kids want to check out library books and do some reading, please feel free to stop by.

ENJOY your Summer-

Mrs. Martinson, Principal

RE: Summer School

Dear Parents:

We have seen enough interest and commitment from families that we will be hosting a summer school again this summer. We had to adjust the last week of summer school by a week, due to a workshop that was slated for our instructors. Here are the dates:

9a-3p, June 4-7,

9a-3p July 9-12

9a-3p, July 30-August 2

Our plans are to incorporate math, ELA, science, and art into our day. We are also planning to go on a field trip one day each of the weeks, weather permitting, and we will let you know at least a day in advance as to where we may be taking the kids so you can sign permission slips. We are hoping to visit the residents at the Edmore Memorial Rest Home, do some hiking and kayaking, and perhaps a trip to Sully's Hill to see some animals.

Lunch will be provided—and actually the students will take turns preparing meals for the others and learning the ropes in the kitchen! ☺

A bus will run to Adams and back, picking up at 8:30 a.m. and dropping off at 3:30 p.m.

Looking forward to a summer filled with fun learning!

-Mrs. Martinson

-Mr. Berry

-Ms. Kramer

-Ms. Volk-Schill

“Working Together to Inspire Lifelong Learners”

10 FREE LEARNING WEBSITES { FOR KIDS }

Here's a list of some fun, educational, and safe websites for your child to visit and explore on those hot summer days!

EDMORE SCHOOL BOARD ELECTION ON JUNE 12

The Edmore Public School District Board of Education election will be held on Tuesday, June 7, 2016 from the hours of 11:00 am to 7 pm. The polling site will be the Edmore Public School.

There is 1 position open for the School Board, for a term of 3 years.

Absentee ballots are available beginning on May 1, 2018 through the Edmore Public School Business Manager's office. **There is an application form that must be obtained from the school office or school website, filled out, and returned to the Business Manager before the ballot will be mailed or given to you. *The school election is separate from the County and Statewide Election, so please note that marking "all elections" on their application will not cover school elections. You must complete the school election application form.*** Absentee ballots are available until the day before the election, so make sure to leave enough time to get the ballot back to the District, as no ballots will be accepted the day of the election.

If you have any questions or are interested in working at the election, please contact Diane Martinson, Business Manager, at 644-2281.

Seniors

Congratulations to the following students.

Jackson Skaar.....Citizenship Student of the Quarter

Nicole Voeller.....Most Improved Student of the Quarter

Ethan Sampson.....Distinguished Student of the Quarter

Logan Landsem.....Elementary Student of the Quarter

☀️ Have a great summer! ☀️

May 2nd and 3rd Grade News!

Heading into the summer months, I like to reflect on how much growth we have shown over our time together. I am fortunate enough to have some of these children for two straight years and I must say that we have had great times learning from each other. I hope the learning continues through the summer with the online resources our school can provide. I enjoyed watching the kids perform at their concert earlier this month, and was proud of the participation they provided in their songs. They did a great job! We recently went on a field trip this month as we visited Grafton to gain perspective at the Life Skills and Transition Center. At the center we learned how to adapt in various activities, and learned about Art Heize who lost his arm in a farming accident. The children had a blast as they listened to Art, rode different wheelchairs, and listened to directions using different senses. We had a good time and they represented our school well. Have a great summer!

FIFTH GRADE

T
H

G
R
A
D
E

We had a great year in 4th Grade and 5th Grade. We would like to thank our teachers, parents, principal, superintendent, and community for supporting and guiding us. We are ready to take on 5th Grade and 6th Grade next year!!

Have a great summer!!

Wow. This year flew by quickly. There was a lot of writing, laughter, and learning in the English classroom. I am so unbelievably proud of everything the students accomplished and how much growth I have had the privilege of witnessing over the past two years. Students: Make sure you keep reading, questioning, and learning. Your education doesn't stop the second you walk out of a classroom; in fact, I would argue the classroom is just one small place where education takes place. Parents: Please keep encouraging your children to read and explore. I am so grateful I had the opportunity to get to know and teach your children over the past few years. I can honestly say that there is no place like Edmore Public School and that this school and community will hold a special place in my heart forever.

Math

Geometry class with their mathematical kites:

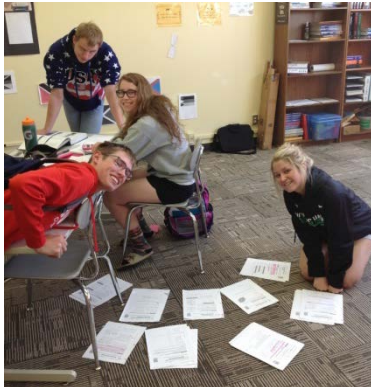

The Freshmen putting together a factoring puzzle

Geometry class using similar triangles to find the height of the flagpole

The Junior class studying for their final.

Two Seniors playing the game Equate

Thank you Edmore school and Community for a great year!

Test Date	Registration Deadline	Late Reg.
June 9	May 4	May 5-20
July 14*	June 15	June 16-22
Sept 8	TBD	TBD

Positivity:

Sometimes there are things in life that people see as a “weed”, yet it can do great things for others. Take the dandelion, for example. Every part of the plant can be used for things such as food, dye, and medicine. There is also the JOY a dandelion picked by a young loved one brings to others. The flowers have the longest flowering period of most other plants so we can see the beautiful color all summer long. The flowers wake up in the morning ready to face the day with the bright, beautiful sun, and go to sleep as the darkness takes over. There is beauty when the yellow field of flowers pop up among the fresh green of grass. If we appreciate the positives of something, we can find the use, joy and beauty we would otherwise miss. Take time to appreciate the positives. You won’t regret it.

Members: think of fantastic ideas for next fall to promote FCCLA intra-curricular activities!

Science with Mr. Metz

Been a good year here at Edmore Public School. Everyone including the teacher learning lots!

Here is the First Year Chemistry Class taking their final exam

Looking forward to next year

6th and 7th grade will be taking life science. Mostly focusing on Biology and Environmental topics

8th and 9th graders will be taking Physical Science - A Semester of Physics and a Semester of Chemistry

10th and 11th Graders will be taking High School Biology

12th graders can take Physics or a semester of Advanced Chemistry or both.

It's going another great year of learning at Edmore Public school in the 2018-2019 school year.
