WINNER! The Wild Things

Happiest of Holidays from Team WAMMS!

NewLorenson's hosted a Christmas photo contest. Here are this year's entries!

2nd and 3rd Grade JANUARY NEWS!

Merry Christmas everyone! We in the upstairs are preparing to complete the first half of the year with some academic fun. We are in the process of doing our own research and showing off what we have taught ourselves to do. We are focusing on our writing and technology through our writing. We have chosen to use dinosaurs with our research and the kids are doing a great job with them thus far. We are still going through processes and procedures in the room and we are slowly getting better at them! Thank you for sharing them with us! From everyone in the 2nd and 3rd Grade classroom, we want to wish you all Happy Holidays and a joyous time with loved ones! See you all next year!

Mr. Berry

Merry Christmas

Staying Healthy in Health

A poster titled "double digit multiplication" in red. It features a math problem: $24 \times 35 = 120 + 720 = 840$. The numbers are color-coded: 24 is blue, 35 is green, 120 is blue, and 720 is purple. A cartoon girl with a speech bubble says "Remember your checks!".

Close Up: Raising Funds

By: Mrs. Raechel Newgard

A sense of relief has washed over the Close Up 2018 group. December was the last fundraiser they had to do to raise money for their upcoming trip in April. Thankfully, Terry and LouAnn

Thorvilson set up their doughnut fryer for us again this year. We fried over 500 dozen doughnuts in just four days. The students were there for quality control – any oblong, broken, or ugly doughnuts were consumed. This fundraiser is one that takes a lot of time and quite a bit of person-power. We tend to have quite a few people helping because of the number of jobs we need done – mixing, dropping, flipping, cooling, and bagging doughnuts. Although the days can get long it is always fun to spend the evening bonding over a hot fryer.

The students have been anxiously awaiting this day. It has been a long two and a half years of fund raising. April 22, 2018, will make this whole journey worth it. These kids (and parents) have worked hard to raise over \$16,000 for the trip. It would never have been possible without support from the families, administration, and community.

Thank you for always supporting our students; they are about to go on the journey of a lifetime. Learning about history and government is one thing, but being about to experience it first-hand will be another.

Sincerely, A Concerned Citizen

By: Mrs. Raechel Newgard

Being a resident of a small state definitely has its advantages. One of those advantages is the ability to influence legislation. As part of the government unit in ND Studies, the 8th graders wrote letters to their legislators. We started off the unit by looking into current issues affecting citizens today. Once we came up a list we narrowed it down to things the students were interested in. In groups of two, students penned letters to their legislators. The project was real-life. When we were done we walked our letters up to the post office. Now we are waiting just waiting for a response.

Understanding how to make changes is one of the overarching objectives of ND Studies. Our state is so small that even someone from Edmore, ND is able to influence significant change in the state. The 8th graders now know the steps to take, they know the process, and have the ability to make changes.

Jackson and Keenan wrote to state legislator Dennis Johnson about the limits on duck hunting.

Tayler and Morgan wrote to ND Senator Heidi Heitkamp about their concerns with sexual harassment and sex trafficking.

Helena and Sydney wrote to state legislator Dave Oehlke about increased violence in the state of ND.

How to Beat the Winter Doldrums

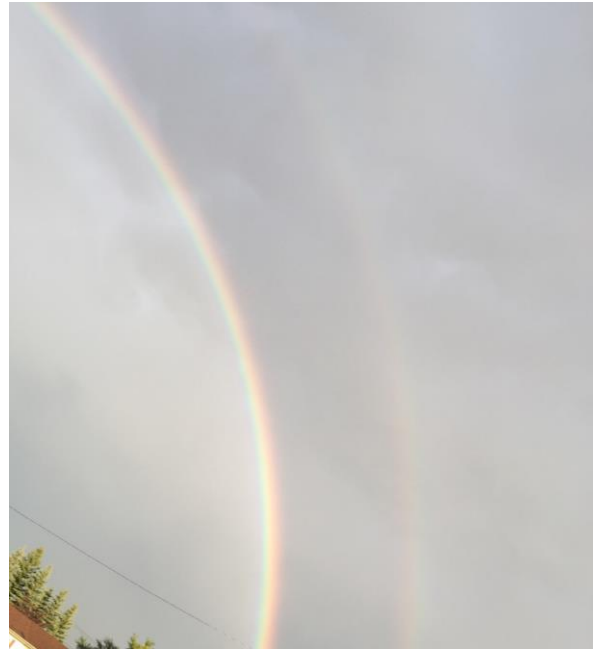

1. Exercise
2. Eat lots of fruits and vegetables – NO junk food!
3. Make time for a social activity or two
4. Do something or make something for someone else
5. Wear bright colors
6. Get fresh air and sunshine

Inspirational Quote

What's Happened This Past Month

Classroom guidance in the elementary: continuation of career investigation

High School Lessons included ASVAB results, career development, smart decision making about important topics

What's New in Counseling

*There is a new board up at the corner by the front door. The students are to "Take What You Need" for themselves or someone they know that needs a positive reminder. If anyone has any suggestions of phrases or words to add to the board, please email me at: katie.henry@k12.nd.us.

Contact Mrs. Henry at any time for any needs!

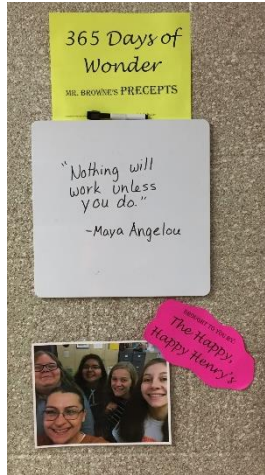

"The best and most beautiful things in the world cannot be seen or even touched – they must be felt with the heart." ~Hellen Keller

Title 1- January 2018

The ABC's of Reading

- | | | | |
|---|---|---|--|
| A | Ask questions | N | Never force reading |
| B | Buy books as gifts | O | Open a book nightly |
| C | Celebrate progress | P | Poetry teaches phonics |
| D | Develop a love of
reading | Q | Quiz your child
(informally) |
| E | Exchange books with
others | R | Read aloud |
| F | Find books your child is
interested in | S | Stash books in the car |
| G | Give hints if your child
gets stuck | T | Take your child to a
bookstore |
| H | Have fun | U | Understand reading takes
time |
| I | It's okay to make mistakes | V | Variety is the spice of life |
| J | Join in praising reading
success | W | Write a letter |
| K | Keep books everywhere | X | Xtend bedtime for reading |
| L | Libraries are great | Y | You are your child's most
important teacher |
| M | Magazines encourage
reading | Z | Zealous readers come from
reading families! |
